Nancy:

Here's the link to the BOR report on EPA's GKM website. Previous emails you may have received pointed to different BOR documents.

Yup, it's DEFINITELY on the website. ☺ It's right here:

<http://www.usbr.gov/docs/goldkingminereport.pdf>

It's linked from the same **documents** page:

<http://www2.epa.gov/goldkingmine/documents-related-gold-king-mine-release>

We made sure to get those up right away after Nancy requested them.

Thanks,

Tim

Tim:

The link I'm looking for is the DOI/BOR Report on the GKM blowout. There were several emails floating around with a link to a PDF but I want to make sure a copy of the report is on EPA's GKM site. The full title of the doc is "Technical Evaluation of the Gold King Mine Incident: San Juan County, CO" and author is listed as U.S. Department of Interior, Bureau of Reclamation, Technical Services Center, Denver, CO.

Can you either help me find a link to this doc on our site – or – if it's not yet there, please let me know so I can update Nancy?

Thanks,

Also: here's the link to the file:

<http://www2.epa.gov/sites/production/files/2015-10/documents/bur-of-rec-work-auth-form-8-20-2015.pdf>

It's linked from this page:

<http://www2.epa.gov/goldkingmine/epabor-superfund-program-work-authorizaion-form-waf-82015>

And the link higher still is THIS page:

<http://www2.epa.gov/goldkingmine/documents-related-gold-king-mine-release>

On this final link above, the language is:

October 26, 2015 Update:

EPA added contract documents related to Gold King Mine. [View contract documents here.](#)

Paula/Tim:

Has this happened already?

If not, anything I can do to make it happen?

I haven't really been involved in GKM web-posting so am not sure what the process is for getting links added.

Thanks,

Hi --

We need to link to the DOI GKM report from our GKM site -- as well as post the attached work authorization form (is there some sort of contracts section)?

Please let me know if you need anything further to make this happen.

Thanks ng
